Structure of your report

```
Title: Short but meanings-full
-----------------------------
Author(s) You and may be others

Introduction/abstract
---------------------
```

The stage takes place at Nackademi locals during the period 22/2/23 untill 17/3/23. The eight weeks were divided into 8 differents challenges with differents topics. The main topics were: Network simulation, network configuration, monitoring and administration. We also started the configuration of a mail server and visit KTH supercomputer and Complior AB.

The interesting things you have done without giving too much details. The point with an introduction is to attract/intresse the reader to read the rest of the report.

Don't say too much! (1/2 page max)

Choose your own structure for the report! An example could be as follow: (feel free to choose your own structure) Use references when you have to refere to others finding, tutorials! as follow:

>

```
1. Network Simulation
1.1  Cisco Packet tracer (PC)
1.2

2. Physical Network

ACL From tutorial [1] ACL is defined

3. Network monitoring
Nagios

3. Network administration

3.1 Netbox [2],
Include figure with captions (after the figure) as follow:

                              Fig.1 Netbox GUI
3.2 Postman
3.3 Ansible

4. Email server
4.1 MTA Exim4
4.2 MTA Sendmail
```

< >

4.3 MUA Mutt

4. KTH PDC visit

5. Complior visit

Conclusion

Make it short! Don't repeat what yourself. Write a short analysis
of what you did. What did you learn from LIA, What was most
interesting.
